3 enhancement

Please choose _____ enhancement(s):

Included Enhancements

_____ Extract

Utilizing a combination of product, steam, ultrasonic technology, & a manual technique, this 4-step approach will rid the skin of congestion including blackheads.

_____ Soothe

With multiple options to suit your needs, these calming & moisturizing masks are sure to soothe even the most sensitive skin.

_____ Detoxify

Let us pull the impurities from your skin with masks targeted to oily and acneic clients.

_____ Lift

We have various modalities at our fingertips to help provide unparalleled professional results. Microcurrent, in particular, aids in slight tightening/ lifting of the skin with zero pain.

_____ Modality

Our ultrasonic technology can be used for product penetration. We pair that with our extraordinary serums, taking the smallest molecules to the deeper layers of skin, fighting concerns at the source. *Available for acne, dehydration, aging, & discolouration.

Luxury Enhancements

_____ Renew (\$15)

Dermalogica's Advanced Renewal Peel uses glycolic acid to fight signs of aging, such as fine lines & pigmentation.

_____ Banish (\$15)

Dermalogica's Power Clear Peel uses a blend of acids, including salicylic acid, mandelic acid, malic acid & more, to target blemishes, redness, & post-inflammatory hyperpigmentation.

_____ Tighten (\$20)

Through the use of specialized products with potent ingredients we are able to regenerate collagen production and create a flash firming effect to the mature, sagging skin (includes jelly mask & ampule).

_____ Purify (\$20)

This targeted treatment tightens oil glands, minimizes acne causing bacteria, soothes inflammation & acts as an antiseptic/ antifungal/ antiviral. Best suited for extremely oily or acneic skin (includes jelly mask & ampule).

_____ Correct (\$20)

Treat discolouration with multiple options targeting sun damage & age spots OR acne scarring/ post inflammatory hyperpigmentation (includes jelly mask & ampule).

_____ Repair (\$20)

The solution for aggressively dry, cracked, itching, & burning skin. This treatment will help restore your barrier function of your skin, while reintroducing hydration. Suitable for sensitive skin (includes jelly mask & ampule).

_____ Light (Coming Soon)

LED light available in both RED (suitable for aging concerns: reduce fine lines/ wrinkles; reduce inflammation; increase circulation) & BLUE (suitable for acne concerns: killing acne causing bacteria).
